Public Works.

R e a d:-

Note dated the 15th January 1913 by the Secretary to Government, Public Works Department, submitting an estimate amounting to Rs.21,693 for the improvement of the Cubbon Park at Bangalore.

= = = = =

No. 735-7 / 4837-9 Bangalore, Dated 12th June 1913.

V 14/6.

ORDER THEREON.- At present the surroundings of the Public Offices lack in dignity of appearance, and the lawns and flower-beds are not maintained in as trim and spruce a condition as the importance of the Central Office of administration demands. The roads, paths and grounds require to be generally improved and better looked after. It is also necessary to provide stabling accommodation in order to avoid indiscriminate parking of carriages all over the lawns. With a view to meet these requirements and carry out systematically the improvements and desired, an estimate amounting to Rs.21,693 has been framed by the Public Works Department. It is made up as under:-

1.	Railing the ovals and flower beds in the immediate proximity of the Public Office buildings in order to protect the shrubberies	Rs. 8,143
2.	Realignment of a few portions of road	Rs. 2,998
3.	Stabling accommodation for about 40 horses and 40 carriages, which are at present posted all over the Park.	Rs.10,552
		Rs.21,693

Government are pleased to sanction the estimate referred to and the work may be undertaken gradually as funds become a v a i l a b l e.

2. To cover the interest charges on the proposed outlay on stable accommodation, a fee should be levied for the use of the stables. Similar rent should be levied also for the use of the existing stables outside the Cubbon Park. Both Government Officers and other non-official gentlemen, such as lawyers, who may have to attend the Public offices daily on business will be allowed to hire the stables. Gentlemen unwilling to hire stable accommodation will be required to park their carriages at a particular spot to be selected. The rent to be charged will be fixed in consultation with the officers concerned.

3. It is also desirable that some rules defining the responsibilities of the various officers regarding the maintenance of the Cubbon Park should issue. The Chief Engineer is requested to do the needful in consultation with the Superintendent, Government Gardens, and the Secretary to Government, General and Revenue Departments, and submit the rules for the approval of Government.
